PETER KARLSSON

Peter Karlsson, the former World Champion joined the Stag family as the brand ambassador in 2007 and this has been a tremendous boost for the brand across the globe. He has been five times world champion, four times in team events and once in doubles. He was also the European singles champion in 2000. In 2014, he won a bronze medal in singles in the world veteran championship in Auckland. He is deeply involved in product development, ensuring overall quality enhancement for all products. This partnership has worked very well as he shares the same values for the development of the sport. Peter Karlsson is today a member of the 'Champions for Peace' club, a group of 54 famous elite athletes committed to serving peace in the world through sport, created by Peace and Sport, a Monaco-based international organization.

INTERNATIONAL DEVELOPMENT PROJECTS

In our endeavor to develop the sport, stag in collaboration with ITTF, has undertaken development projects in 116 countries so far. The programme called “Sport for All – Equipment for All”, aims to provide equal opportunities for underprivileged people around the world to have access to sports' equipment and to promote health for all through sport, addressing the remotest parts of the world. Stag provides the equipment to kick start the development and ITTF provides the coaches who lend their expertise and enable learning.

An avowed aim of Stag is to provide opportunities to those for whom sport is currently denied. An international initiative at the service of peace intervenes in areas made vulnerable by extreme poverty, recent conflict or lack of social cohesion.

In the recent past, stag in collaboration with its partners has conducted rehabilitation projects in places like Burundi, Haiti, Nepal and Sri Lanka, to help foster social stability, reconciliation and dialogue between communities.
